<b>8.</b>	<b>What improvements would you suggest for the tutor's teaching?</b>	<b>8</b>	<b>Open question</b>	<b>47.06</b>
-----------	--	----------	----------------------	--------------

- 8.1 dont rush through since most of us dont know much about the software
- 8.2 slow down.. sometimes he goes through things too fast half the class cannot follow. And sometimes he thinks everyone is up to his own speed.. but besides from that, he is great
- 8.3 i would like to see Steven improve his presentation by refraining from his overuse of Umm and Ahh.
- 8.4 Requires alot of concentration to keep up with the teaching.
- 8.5 Sometime he's too fast on delivering the information about the subject he need to slow down sometime and make everybody understand on what is going on.
- 8.6 Teaching is very fast pace. Sometimes find it a challenge to keep up. Notes are supplied and some are reasonable in terms of explanation. However some require further clarification such as what button to press and steps to follow.
- 8.7 Looks like the teacher is too overloaded there's no time for asking questions; often find it hard to have time to clarify things properly with the teacher
- 8.8 If possible, pls provide video tutoring on uts online.
